SEO Specialist and WordPress Development Manager who improves website visibility in both Google and AI-driven search (AEO / GEO). I combine technical SEO, local SEO, structured data and answer-ready content with hands-on WordPress, hosting and Cloudflare work. I operate a large multi-site portfolio and build automation that turns manual fixes into repeatable systems.

Work Experience

SEO Specialist (Technical, On-page, Off-page & AEO / GEO)

Freelancing | 2020–Present

- Increased organic search clicks by 90.6% in six months for a personal injury law firm, improving average ranking position from 28 to 18.8 and bringing 100 keywords into Google's top 10.
- Grew local visibility through city-specific landing pages and Google Business Profile optimization, increasing city page traffic fivefold and generating new inbound calls.
- Implemented AEO and GEO strategies, including an llms.txt file, FAQ content and structured data, resulting in 61 pages being cited across Google AI Mode, AI Overviews, ChatGPT and Gemini.
- Created helpful, answer-focused blog and FAQ content that addresses common customer questions clearly and accurately.
- Resolved indexing issues for a wellness brand, expanding indexed pages from about 20 to 146 and growing organic traffic by nearly 30%.
- Completed 553 technical SEO tasks across client websites, including crawl efficiency, canonical tags, sitemaps and on-page optimization.
- Developed and executed SEO strategies, including backlink building, meta tag optimization, keyword analysis and GeoTagging.

WordPress Development Manager

Freelancing | 2020–Present

- Manage a portfolio of nearly 600 business websites, overseeing site health, technical SEO, forms, call tracking and structured data.
- Migrated 346 WordPress websites to a high-performance Cloudflare setup while preserving forms, tracking and SEO, improving Lighthouse scores from about 80 to 96 and page load speed by over 40%.
- Built automation tools with the help of AI coding assistants to audit, repair and report on websites at scale, reducing manual work and turnaround time.
- Designed and built conversion-focused landing pages for home-service and B2B businesses, with clear calls to action and compliant SMS opt-in forms.
- Led the development and optimization of WordPress websites for clients, ensuring fast load times, responsive design and a consistent brand experience.

Associate Product Manager

Freelancing | 2021-2022

- Conducted market research and analyzed consumer trends to assist in product development and pricing strategies.
- Audited web analytics to inform decision-making and ensure alignment with market demands and business objectives.

Director of Marketing

Freelancing | 2019-2020

- Spearheaded brand awareness initiatives and managed the organization's social media presence, resulting in increased engagement and sponsorship opportunities.
- Created and edited digital content to influence and engage the target audience effectively.
